

To all involved in the cross - ownership push to enable newspaper and television control by an individual corporation in the same geographic area: Shame on you!

Our founding fathers would be so disappointed in this media consolidation measure as it is sure to limit the publics ability for unbiased reporting.

Unless this is your intent then stay the course. If your interest lie in giving the public what they deserve, and supporting our 'Constitution' this nonsense need to stop here and now, with each of you!!

Sincerely,
Michael Bivona
